

Our Endsleigh Pledge

By the time I 'Graduate' from school, Endsleigh Holy Child VC Academy will have offered me the opportunity to say 'We are ...'

We are
adventurous

- ◆ Take an exciting journey which takes me away from home, staying in another part of the country
- ◆ Step forward and take the lead to organise something which is important to me and makes a positive difference to others.
- ◆ Demonstrate my confidence through public speaking, performing or competing against others or myself.

We
are
ambitious

- ◆ Have meaningful experiences of different careers, opportunities and entrepreneurship to help me shape my future dreams and inspire me to reach for the stars.
- ◆ Open my inquisitive mind by visiting galleries, museums, theatres, live sporting events, ballets, the seaside and historic sites.
- ◆ Build my own personal library and my love of reading.

We
are
ready

- ◆ Use a device (given to me by my school) to safely access the virtual world and learn how to code, and communicate.
- ◆ Develop my skills and talents and take advantage of support to excel in swimming, sport, riding a bike and learning a musical instrument.
- ◆ Build my toolkit for life by learning map reading, gardening, how to look after money, how to cook a healthy meal and how to climb my own personal mountain.

We are
making a
difference

- ◆ Help change the world by getting involved in a project linked to the sustainable development goals.
- ◆ See the world from other people's points of view by experiencing different cultures, tasting different foods, listening to and debating difficult ideas, visiting religious buildings and exploring different faiths and beliefs.
- ◆ Show my kindness and compassion and make a difference to others by participating in actions which supports people in my local community and beyond
